No pre-req dependencies

Unused Approved Contributions

CQ	Third-Party Code	License	Status
3065	Apache Jakarta Commons Net Library Version: 1.4.1 (PB CQ230) (using Orbit CQ2105)	Apache License, 2.0	obsolete: was used in the past but is not longer used
3066	Apache Jakarta ORO Library Version: 2.0.8 (PB CQ232) (using Orbit CQ2104)	Apache Software License 1.1	obsolete: was used in the past but is not longer used

Committers

Past and Present Active	
Name	Organization
(no author)	(not a current committer)
Daniel Barboza Franco	Motorola
Eric Cloninger	Motorola
Daniel Drigo Pastore	Motorola
David Dubrow	Nokia
Marcel Gorri	Motorola
Doug Schaefer	Wind River

Contributors and Their Contributions

Bug	Size	Description
Leo Andrade (eldorado.org.br)		
247973	860	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay A proposed solution for this bug
247973	146	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay comment #0
247973	68	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay comment #1
247973	280	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay comment #2
Lucas Anselmo (gmail.com)		
243918	204	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #0
Fabio Fantato (gmail.com)		
221733	18.3K	[tml][deviceframework] Persistence and New wizard for manage Device Instances taking off JDOM dependency
221741	170	[tml][vncviewer] Extensible protocol mechanism comment #0
221741	110	[tml][vncviewer] Extensible protocol mechanism comment #1
221741	384	[tml][vncviewer] Extensible protocol mechanism comment #7
221741	260	[tml][vncviewer] Extensible protocol mechanism comment #8
221741	106	[tml][vncviewer] Extensible protocol mechanism comment #9
221741	12	[tml][vncviewer] Extensible protocol mechanism comment #10
221741	60	[tml][vncviewer] Extensible protocol mechanism comment #11
227793	131	[tml][vncviewer][patch] Implementation of the several encodings,

		performance enhancement etc comment #4
227793	236	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #5
227793	383	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #6
227793	60	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #8
236476	93	[tml][deviceframework] provide a generic device plugin for various device types comment #2
236476	13	[tml][deviceframework] provide a generic device plugin for various device types comment #9
236476	23	[tml][deviceframework] provide a generic device plugin for various device types comment #10
236476	636	[tml][deviceframework] provide a generic device plugin for various device types comment #14
236476	184	[tml][deviceframework] provide a generic device plugin for various device types comment #15
236476	72	[tml][deviceframework] provide a generic device plugin for various device types comment #16
236476	12	[tml][deviceframework] provide a generic device plugin for various device types comment #17
236476	12	[tml][deviceframework] provide a generic device plugin for various device types comment #18
238191	32	[tml][protocol] Enhance exception handling comment #3
238191	30	[tml][protocol] Enhance exception handling comment #5
238191	49	[tml][protocol] Enhance exception handling

		comment #6
238191	60	[tml][protocol] Enhance exception handling comment #7
242109	81	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #2
242109	218	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #3
242109	202	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #4
242109	0	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #5
242109	27	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #7
242109	60	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #8
242757	37	[tml][protocol][bug] Protocol does not support Unicode on variable sized fields comment #1
242757	19	[tml][protocol][bug] Protocol does not support Unicode on variable sized fields comment #2
242757	60	[tml][protocol][bug] Protocol does not support Unicode on variable sized fields comment #3
243918	30	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #1
243918	41	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #2
243918	5	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #3
243918	11	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #4
243918	60	[tml][protocol] Wrong "If" test in ProtocolEngine class. comment #5
244052	37	[tml][deviceframework][bug] The dirtyChanged method is being called out of UI thread comment #1
244052	11	[tml][deviceframework][bug] The dirtyChanged method is being called out of UI thread

		comment #2
244052	60	[tml][deviceframework][bug] The dirtyChanged method is being called out of UI thread comment #3
244062	37	[tml][vncviewer][bug] SWTRemoteDisplay do not force the first update request to be full comment #1
244062	11	[tml][vncviewer][bug] SWTRemoteDisplay do not force the first update request to be full comment #2
244062	60	[tml][vncviewer][bug] SWTRemoteDisplay do not force the first update request to be full comment #3
244066	37	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #3
244066	0	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #4
244066	11	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #5
244066	60	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #6
244067	37	[tml][protocol][bug] The exception handling interface should forward the protocol implementer object comment #1
244067	11	[tml][protocol][bug] The exception handling interface should forward the protocol implementer object comment #2
244067	60	[tml][protocol][bug] The exception handling interface should forward the protocol implementer object comment #3
244068	37	[tml][vncviewer] org.eclipse.tml.vncviewer.graphics.swt.img package is not exported comment #1
244068	11	[tml][vncviewer] org.eclipse.tml.vncviewer.graphics.swt.img package is not exported comment #2

244068	60	[tml][vncviewer] org.eclipse.tml.vncviewer.graphics.swt.img package is not exported comment #3
244069	171	[tml][deviceframework] Need some APIs that could be common use of the framework comment #1
244069	11	[tml][deviceframework] Need some APIs that could be common use of the framework comment #2
244069	60	[tml][deviceframework] Need some APIs that could be common use of the framework comment #3
244147	37	[tml][vncviewer][bug] plugin.xml file is not being exported comment #1
244147	11	[tml][vncviewer][bug] plugin.xml file is not being exported comment #2
244147	60	[tml][vncviewer][bug] plugin.xml file is not being exported comment #3
244249	0	[tml][vncviewer] Canvas background repaint comment #3
244249	0	[tml][vncviewer] Canvas background repaint comment #4
244249	14	[tml][vncviewer] Canvas background repaint comment #5
244539	349	[tml][DeviceFramework]The plug-in "org.eclipse.tml.service.start" depends on jdt comment #2
244539	25	[tml][DeviceFramework]The plug-in "org.eclipse.tml.service.start" depends on jdt comment #3
244539	60	[tml][DeviceFramework]The plug-in "org.eclipse.tml.service.start" depends on jdt comment #4
244805	30	[tml][DeviceFramework] Improvements on Instance view comment #5
244805	27	[tml][DeviceFramework] Improvements on Instance view comment #6
244805	60	[tml][DeviceFramework] Improvements on Instance view comment #8

244806	31	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #4
244806	25	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #5
244806	60	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #6
244810	303	[tml][DeviceFramework] Migrating Device View and Instance View to a separate plugin comment #1
244810	32	[tml][DeviceFramework] Migrating Device View and Instance View to a separate plugin comment #2
244810	27	[tml][DeviceFramework] Migrating Device View and Instance View to a separate plugin comment #3
244810	60	[tml][DeviceFramework] Migrating Device View and Instance View to a separate plugin comment #4
244856	31	[tml][deviceframework] Instance View usability should be improved comment #4
244856	27	[tml][deviceframework] Instance View usability should be improved comment #5
244856	60	[tml][deviceframework] Instance View usability should be improved comment #6
244951	31	[tml][deviceframework] Implement listener/event mechanism at device framework comment #4
244951	25	[tml][deviceframework] Implement listener/event mechanism at device framework comment #5
244951	60	[tml][deviceframework] Implement listener/event mechanism at device framework comment #6
245111	30	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #4
245111	25	[tml][deviceframework] Disable the "Delete" option in popup if the

		instance is not prepared for deletion comment #5
245111	60	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #6
245114	30	[tml][deviceframework] Enhance persistence policies comment #4
245114	25	[tml][deviceframework] Enhance persistence policies comment #5
245114	60	[tml][deviceframework] Enhance persistence policies comment #6
246212	248	[tml][protocol] Enhance encapsulation of protocol implementer comment #4
246212	31	[tml][protocol] Enhance encapsulation of protocol implementer comment #7
246212	27	[tml][protocol] Enhance encapsulation of protocol implementer comment #8
246212	60	[tml][protocol] Enhance encapsulation of protocol implementer comment #9
247085	30	[tml][deviceframework][bug] Instance manage view buttons are resizing after applying services filter comment #2
247085	10	[tml][deviceframework][bug] Instance manage view buttons are resizing after applying services filter comment #3
247085	60	[tml][deviceframework][bug] Instance manage view buttons are resizing after applying services filter comment #4
247288	31	[tml][deviceframework][bug] Exceptions after Instance Mgt View is closed comment #1
247288	10	[tml][deviceframework][bug] Exceptions after Instance Mgt View is closed comment #2
247288	60	[tml][deviceframework][bug] Exceptions after Instance Mgt View is closed comment #3
247973	31	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay

		comment #3
247973	10	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay comment #4
247973	60	[tml][vncviewer][bug] Listener to key events is not working at SWTRemoteDisplay comment #5
251595	12	[tml][deviceframework][bug] Proportion of ticks in ServiceHandler class is not adequate comment #4
260559	14	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #6
260817	14	[tml][protocol] Connection is stopped unexpectedly comment #2
262371	14	[tml][vncviewer] New Connection Dialog improvement comment #6
262632	14	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #8
Otavio Luiz Ferranti (motorola.com)		
221733	114.1K	[tml][deviceframework] Persistence and New wizard for manage Device Instances Patch with many fixes, UI improvements and data persistency.
Marcel Gorri (motorola.com)		
300351	534.2K	Localization improvements (translator + array) Patch containing localization improvements (translator + arrays)
300351	26.6K	Localization improvements (translator + array) Small fixes
300351	15.7K	Localization improvements (translator + array) Patch for NullPointerException problem
300351	4.4K	Localization improvements (translator + array) Small fixes in message.properties
300351	32.2K	Localization improvements (translator + array) Fix for column issue
300351	526	Localization improvements (translator + array) Small fixes
301872	2.7K	Device Backward Compatibility Patch containing support to device backward compatibility

301872	8.3K	Device Backward Compatibility New component that provides support to device backward compatibility
301872	7.5K	Device Backward Compatibility Small fixes
303354	16.6K	Localization help update Localization help update
303646	26.0K	Device Manager View Improvements Patch containing Device Manager view improvements.
303646	3.3K	Device Manager View Improvements Patch containing a small fix for Device Manager view improvements.
303646	4.1K	Device Manager View Improvements Small fixes
303646	3.4K	Device Manager View Improvements Small fixes
303646	1.8K	Device Manager View Improvements Small fixes
Daniel Guimaraes (eldorado.org.br)		
244069	750	[tml][deviceframework] Need some APIs that could be common use of the framework comment #0
244539	214	[tml][DeviceFramework]The plug-in "org.eclipse.tml.service.start" depends on jdt comment #0
244539	343	[tml][DeviceFramework]The plug-in "org.eclipse.tml.service.start" depends on jdt comment #1
244805	767	[tml][DeviceFramework] Improvements on Instance view comment #0
244805	66	[tml][DeviceFramework] Improvements on Instance view comment #2
244810	675	[tml][DeviceFramework] Migrating Device View and Instance View to a separate plugin comment #0
Yufen Kuo (mvista.com)		
236476	182.2K	[tml][deviceframework] provide a generic device plugin for various device types patch for device type changes
236476	50.7K	[tml][deviceframework] provide a generic device plugin for various device types

		Generic QEMU device type plugin
236476	1.7K	[tml][deviceframework] provide a generic device plugin for various device types comment #0
236476	145	[tml][deviceframework] provide a generic device plugin for various device types comment #1
236476	403	[tml][deviceframework] provide a generic device plugin for various device types comment #3
236476	155	[tml][deviceframework] provide a generic device plugin for various device types comment #4
236476	123	[tml][deviceframework] provide a generic device plugin for various device types comment #5
236476	223	[tml][deviceframework] provide a generic device plugin for various device types comment #6
236476	279	[tml][deviceframework] provide a generic device plugin for various device types comment #7
236476	341	[tml][deviceframework] provide a generic device plugin for various device types comment #8
236476	107	[tml][deviceframework] provide a generic device plugin for various device types comment #11
236476	67	[tml][deviceframework] provide a generic device plugin for various device types comment #12
236476	740	[tml][deviceframework] provide a generic device plugin for various device types comment #13
Pablo Leite (eldorado.org.br)		
247085	149	[tml][deviceframework][bug]Instance manage view buttons are resizing after applying services filter comment #0
Eugene Melekhov (ru.mvista.com)		

227793	181.3K	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc Snapshot of the sources
227793	938	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #0
227793	140	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #1
227793	138	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #2
227793	326	[tml][vncviewer][patch] Implementation of the several encodings, performance enhancement etc comment #3
Julia Perdigueiro (eldorado.org.br)		
244805	25.1K	[tml][DeviceFramework] Improvements on Instance view Idea for a new Instance View
244805	48.8K	[tml][DeviceFramework] Improvements on Instance view Bug patch
244805	412	[tml][DeviceFramework] Improvements on Instance view Icons to be used with the patch
244856	65.6K	[tml][deviceframework] Instance View usability should be improved Proposed patch for the bug
247085	6.9K	[tml][deviceframework][bug]Instance manage view buttons are resizing after applying services filter Proposed patch for the bug
247288	2.8K	[tml][deviceframework][bug] Exceptions after Instance Mgt View is closed Proposed patch for the bug
242109	434	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #0
242109	66	[tml] [deviceframework] IDevice.getServices() returns a null reference comment #1
244805	536	[tml][DeviceFramework] Improvements on Instance view comment #1
244805	332	[tml][DeviceFramework] Improvements on Instance view comment #3
244805	220	[tml][DeviceFramework] Improvements on Instance view

		comment #4
244805	163	[tml][DeviceFramework] Improvements on Instance view comment #7
244856	1.0K	[tml][deviceframework] Instance View usability should be improved comment #0
244856	208	[tml][deviceframework] Instance View usability should be improved comment #1
244856	333	[tml][deviceframework] Instance View usability should be improved comment #2
244856	163	[tml][deviceframework] Instance View usability should be improved comment #3
247085	259	[tml][deviceframework][bug] Instance manage view buttons are resizing after applying services filter comment #1
247288	792	[tml][deviceframework][bug] Exceptions after Instance Mgt View is closed comment #0
Fabio Rigo (eldorado.org.br)		
245111	10.0K	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion Suggestion for controlling if deletion is possible at some state
251595	1.9K	[tml][deviceframework][bug] Proportion of ticks in ServiceHandler class is not adequate Proposed patch for the bug
260559	66.0K	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness A patch that implements minor bug fixes and an Event Handler for handling socket related requests
260559	61.4K	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness Sequence diagrams that compare old implementation with the proposed solution
262632	262.6K	[tml][protocol] Avoid providing raw streams to the user in the protocol framework The same patch, with fixes for the Echo protocol
244806	246	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #3
244951	245	[tml][deviceframework] Implement listener/event mechanism at device

		framework comment #3
245111	262	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #1
245111	454	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #2
245111	246	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #3
245114	246	[tml][deviceframework] Enhance persistence policies comment #3
251595	321	[tml][deviceframework][bug] Proportion of ticks in ServiceHandler class is not adequate comment #0
251595	353	[tml][deviceframework][bug] Proportion of ticks in ServiceHandler class is not adequate comment #1
251595	246	[tml][deviceframework][bug] Proportion of ticks in ServiceHandler class is not adequate comment #2
260559	389	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #0
260559	133	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #1
260559	112	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #2
260559	1.0K	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #3
260559	164	[tml][vncviewer] Enhance protocol framework and VNC viewer robustness comment #4
262632	492	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #0

262632	778	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #1
262632	731	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #2
262632	53	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #3
262632	164	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #4
262632	369	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #5
262632	84	[tml][protocol] Avoid providing raw streams to the user in the protocol framework comment #6
Fabio Rigo (gmail.com)		
221741	102.3K	[tml][vncviewer] Extensible protocol mechanism This is a generic protocol mechanism contribution
221741	105.1K	[tml][vncviewer] Extensible protocol mechanism This patch shall be applied to org.eclipse.tml.vncviewer plugin to use the contributed protocol mechanism
221741	7.0K	[tml][vncviewer] Extensible protocol mechanism This patch shall be applied to org.eclipse.tml.vncviewer.vncviews plugin to use the contributed protocol mechanism
221741	10.4K	[tml][vncviewer] Extensible protocol mechanism Simple example protocol that illustrates contribution use
238191	106.1K	[tml][protocol] Enhance exception handling A proposal to fix the issue
244806	1.1K	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors Fix to the SWTRemoteDisplay state bug
244951	20.4K	[tml][deviceframework] Implement listener/event mechanism at device framework Listeners mechanism implementation
245114	38.0K	[tml][deviceframework] Enhance persistence policies A suggestion of a more reliable persistence mechanism

246212	155.1K	[tml][protocol] Enhance encapsulation of protocol implementer Suggested solution to encapsulation enhancement
246212	156.8K	[tml][protocol] Enhance encapsulation of protocol implementer The same proposal, but generated on the latest version in CVS
296005	6.1K	Encoding fixes and improvements Implementation of "set encoding" message + bug fixes
221741	85	[tml][vncviewer] Extensible protocol mechanism comment #2
221741	141	[tml][vncviewer] Extensible protocol mechanism comment #3
221741	150	[tml][vncviewer] Extensible protocol mechanism comment #4
221741	985	[tml][vncviewer] Extensible protocol mechanism comment #5
221741	93	[tml][vncviewer] Extensible protocol mechanism comment #6
238191	291	[tml][protocol] Enhance exception handling comment #0
238191	1.4K	[tml][protocol] Enhance exception handling comment #1
238191	427	[tml][protocol] Enhance exception handling comment #2
242757	418	[tml][protocol][bug] Protocol does not support Unicode on variable sized fields comment #0
244052	355	[tml][deviceframework][bug] The dirtyChanged method is being called out of UI thread comment #0
244062	457	[tml][vncviewer][bug] SWTRemoteDisplay do not force the first update request to be full comment #0
244066	482	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #0
244066	0	[tml][deviceframework][bug] The services are being run at one of the UI threads comment #1
244066	0	[tml][deviceframework][bug] The services are being run at one of the UI threads

		comment #2
244067	468	[tml][protocol][bug] The exception handling interface should forward the protocol implementer object comment #0
244068	263	[tml][vncviewer] org.eclipse.tml.vncviewer.graphics.swt.img package is not exported comment #0
244147	295	[tml][vncviewer][bug] plugin.xml file is not being exported comment #0
244806	265	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #0
244806	73	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #1
244806	350	[tml][vncviewer][bug] SWTRemoteDisplay state is not consistent on errors comment #2
244951	273	[tml][deviceframework] Implement listener/event mechanism at device framework comment #0
244951	221	[tml][deviceframework] Implement listener/event mechanism at device framework comment #1
244951	1.1K	[tml][deviceframework] Implement listener/event mechanism at device framework comment #2
245111	138	[tml][deviceframework] Disable the "Delete" option in popup if the instance is not prepared for deletion comment #0
245114	474	[tml][deviceframework] Enhance persistence policies comment #0
245114	257	[tml][deviceframework] Enhance persistence policies comment #1
245114	933	[tml][deviceframework] Enhance persistence policies comment #2
246212	424	[tml][protocol] Enhance encapsulation of protocol implementer comment #0
